

Central Community Networks of Specialized Care

in partnership with Kerry's Place Autism Services invites you to participate in an education opportunity via
videoconference

APPS & AUTISM

Presenter **Dr. Amanda Azarbehi**

Dr. Azarbehi is the Clinical Director of Kids Solutions Child and Youth Mental Health Agency and also a Professor at Tyndale University. Her research interests focus on autism intervention program effectiveness, video self-modeling, parenting stress, and peer training. Her teaching interests focus on autism spectrum disorders, behavioral psychology, child development, and educational psychology. In her clinical work as a Pediatric Developmental Clinical Psychologist Dr. Azarbehi works with children, youth, and their families from birth through to age 25. Kids Solutions offers ABA/IBI services, social skills groups, anxiety groups, CBT (Cognitive Behavioral Therapy), parenting workshops, behavioral consultations, diagnosis of developmental delays and learning disabilities, and remedial intervention services. Dr. Azarbehi is also the founder and director of TRACE (Tyndale Research in Autism and Community Education) a non-profit organization which offers social skills camps, parenting and professional workshops, and support student researchers interested in studying Autism Spectrum Disorders.

Description

This dynamic and interactive workshop will review some of the most exciting and effective Apps that can be used when working with children with Autism. Apps for a wide range of teaching areas and skill building approaches will be reviewed and suggestions for how to practically incorporate these Apps into everyday life will be reviewed

Objectives:

- An understanding of what to look for in an app.
- Knowing how to find effective Apps available for Expressive Language Development (Speaking)
- Knowing how to find effective Apps available for Receptive Language Development (Understanding)
- Knowing how to find effective Apps available for Pre-Academic Skills Development
- Knowing how to find effective Apps available for Academic Skill Development
- Knowing how to find effective Apps available for Data Tracking and Management
- Knowing how to find effective Apps available for Reinforcement Systems

Wednesday, March 19, 2014, 01:00 PM to 04:00 PM
